John Gosden's three-year-olds have achieved the remarkable feat of winning Classics in England, Ireland and France in 2015, the French success coming via Star Of Seville in the Prix de Diane. Already winner of the Musidora Stakes, Star Of Seville is demonstrating some of the class and toughness which made her sire Duke Of Marmalade so hard to beat as a four-year-old in 2008, when he reeled off five consecutive Gr1 victories,

including the King George and Juddmonte International. Unfortunately Duke Of Marmalade has generally proved less effective as a stallion, to the extent that he covered only 30 mares in 2013, before being sold in 2014 to stand at Drakenstein Stud in South Africa.

However, his results have improved since his first crop turned three in 2013 and this half-brother to Derby winner Ruler Of The World now has eight Group winners and a further nine stakes winners in his first three northern hemisphere crops. The remarkable aspect of his record is that 12 of his 17 stakes winners are fillies, including seven of the eight Group winners. Venus De Milo, who went close to winning the 2013 Irish Oaks, is another of the fillies.

Star Of Seville's trainer reportedly believes that a mile and a half is too far for his filly, following her defeat in the Oaks. She probably owes this preference for shorter distances to the bottom half of her pedigree. Her three-parts-sister English Ballet, who was sired by a speedier son of Danehill in Danehill Dancer, won the Gr3 Sweet Solera Stakes over seven furlongs at two, when she was also placed in the Gr1 Fillies' Mile.

Their dam Stage Presence is a daughter of the top miler Selkirk and she also did her winning at up to a mile. Selkirk's broodmare daughters have enjoyed plenty of success with the Danehill male line, notably producing other Gr1 winners to Danehill and Rock Of Gibraltar. Stage Presence's distinguished half-sister Rum Charger was a Gr3 winner over seven furlongs before becoming the dam of Winchester, a Theatrical colt who achieved four major turf successes over middle distances in the USA, including the Turf Classic.

Star Of Seville's fourth dam Hamada was a smart sprinter-miler in France and her fifth dam, the Klairon mare Helvetie, was the second dam of the 1994 Derby winner Erhaab.

In 2011 the King's Stand Stakes provided a first Gr1 success for trainer Robert Cowell's Prohibit, a six-year-old Oasis Dream gelding who had graduated from handicap company. History repeated itself four years later, when another six-year-old son of Oasis Dream trained by Cowell - the former handicapper Goldream - gained his first Gr1 success in the same race, at odds of 20-1.

Oasis Dream has had 15 starters out of mares by Machiavellian and Goldream is the third of them to become a stakes winner, another being Naaqoos (Gr1 Prix Jean-Luc Lagardere). He also sired that outstanding filly Middy from a mare by Kingmambo, another son of Machiavellian's sire Mr Prospector.

Goldream is now a veteran of 31 races but his dam Clizia and second dam Cuixmala were unraced. Cuixmala had the considerable distinction of being a half-sister to the magnificent racehorse and sire Montjeu. Not that Goldream, who has never won beyond six furlongs, has ever shown any of the stamina associated with this family. His third dam Floripedes won the Gr3 Prix de Lutece over 15 furlongs and the next dam, Toute Cy, also passed on plenty of stamina to her son Dadarissime, a triple Group winner over distances just short of two miles. Dadarissime's sire Highest Honor also sired second dam Cuixmala. This is also the family of Irish 1,000 Guineas winner Again.

Racing and breeding can be contrary creatures. The Irish 1,000 Guineas winner **Trusted Partner** had two winning daughters by Danehill. One, **Dress To Thrill**, won half of her 14 starts, enjoying Group/Graded success in Ireland, England and the USA (Gr1 Matriarch Stakes). **Polished Gem**, though, won only a seven-furlong maiden.

It therefore looked a safe bet that it would be **Dress To Thrill** who was destined for stardom as a broodmare. However, **Dress To Thrill** has just a couple of winners - and no black-type earners - among her six foals. **Polished Gem**, on the other hand, has five foals of racing age and among them are a Gr1 winner and a pair of Gr2 winners, each by a different stallion.

One of her Gr2 winners, the Medicean filly **Sapphire**, won the British Champions Fillies & Mares

Stakes, which now carries Gr1 status. The other, the Sandown Mile and Joel Stakes winner **Custom Cut**, is by a horse now plying his trade as a jumping stallion. Watch out for the mare's 2014 colt by Dubawi.

**Polished Gem's** Gr1 winner **Free Eagle** has long been held in very high regard but the four-year-old was having only his fifth career start when he just held off **The Grey Gatsby** to land the Prince of Wales's Stakes. Unfortunately his elevation to Gr1 winner comes only months after the death of his sire **High Chaparral**, sire also of the Prince of Wales's Stakes third **Western Hymn**.

**Free Eagle's** Classic-winning second dam, **Trusted Partner**, was bred to excel. By the American Triple Crown winner **Affirmed** out of dual Gr1 winner **Talking Picture**, **Trusted Partner** was the third of four stakes-winning sisters, the others being **Easy To Copy**, **Epicure's Garden** and **Low Key Affair**.

This is the family of two 2014 French Gr1 winners - **Gallante** and **Vert de Grece** - and of the smart stayer **Forgotten Rules**.

When the highly progressive **Trip To Paris** landed the Gold Cup, he added another chapter to the remarkable Hasili story.

This daughter of **Kahyasi** was once named Broodmare of the Year in recognition of her extraordinary achievements, which included producing five high-class performers to Danehill.

Thanks to **Trip To Paris**, his sire **Champs Elysees** has now followed the example of his brothers **Dansili** and **Cacique** in siring a top-flight winner. Another of the siblings, **Banks Hill**, is dam of the Gr1 winner **Romantica**.

Perhaps thanks to **Kahyasi**, sire of the Gold Cup winner **Enzeli**, **Champs Elysees** demonstrated more stamina than some of his siblings, gaining each of his three North American Gr1 successes over a mile and a half. It is therefore hardly surprising that he has sired a thorough stayer in **Trip To Paris**.

That said, many of the other very useful winners from his first two crops have proved effective at under a mile and a half.

**Trip To Paris's** dam, the **Fantastic Light** mare **La Grande Zoa**, raced at up to a mile and a half without showing much ability and the next dam, **Majestic Sister**, never raced, so gave no clues to her stamina.

**Majestic Sister** was by **Last Tycoon**, a top sprinter who stretched his stamina to win the Breeders' Cup Mile, but there was stamina in her female line. For example her dam **Royal Sister** was a half-sister to **Ribarbaro**, runner-up in the Chester Cup (a race won by **Trip To Paris** in 2015).

Their dam **Ribasha** was a half-sister by **Ribot** to **Natashka**, who visited **Ribot** to produce the high-class stayer **Blood Royal** (Queen's Vase and Jockey Club Cup).

Some of this stamina emerged in **Majestic Sister's** brother **Ezzoud**, who shone in several of Britain's top mile-and-a-quarter events. However **Ezzoud's** top-class half-brother **Distant Relative** was best at a mile.

The Greenham Stakes may be only a Gr3 event, but it has proved a reliable pointer to Gr1 three-year-old success in recent years. In winning the new Commonwealth Cup, Muhaarar followed in the Gr1 footsteps of Frankel, Olympic Glory and Kingman. Unlike his predecessors, Muhaarar appears to be a sprinter rather than a miler and the 2014 Gimcrack winner was dropping back to six furlongs after finishing only eighth when badly drawn in the Poule d'Essai des Poulains.

Muhaarar illustrates the virtues of having a six-furlong Gr1 race confined to three-year-olds. His sire Oasis Dream had to take on his elders in the 2003 King's Stand Stakes and finished only third, but then won the July Cup and the Nunthorpe.

Although Oasis Dream has sired winners over a wide range of distances, thanks to the stamina in the bottom half of his pedigree, he is arguably most effective as a sire of sprinters.

He has also sired winners of the King's Stand Stakes (Prohibit and Goldream) and the Nunthorpe (Jwala), and his progeny's highest winners-to-runners percentage

comes from the five- and six-furlong division.

Muhaarar is a Shadwell homebred, which makes him different from the previous three Oasis Dream Gr1 winners campaigned by Sheikh Hamdan (Aqlaam, Arcano and Naaqos). Muhaarar's broodmare sire, the Poule d'Essai des Poulains winner Linamix, generally proved quite a strong influence for stamina but Muhaarar's dam Tahrir was at her most effective over six or seven furlongs. Muhaarar is Tahrir's second stakes winner, his predecessor being the ill-fated Exceed And Excel filly Sajwah, who broke her pelvis in the Cheveley Park.

Oasis Dream has a fine record with Linamix's daughters, with Muhaarar, Thai Haku (a Gr2-placed Listed winner) and Albaraaah (a Gr3-placed Listed winner) among this cross's five foals aged three or over.

Tahrir cost 350,000gns as a yearling, her price reflecting her attractive pedigree. Her dam, the five-furlong winner Miss Sacha, was a sister to Mister Charm, a dual Listed winner at just under a mile in France, and their sire was Last Tycoon, a top sprinter who also took the Breeders' Cup Mile.

Muhaarar's third dam Heaven High was a half-sister by High Line to the top-class ten-furlong filly Timarida. The next dam, Triumphant, was a half-sister to the top-class Relkino, which made her a daughter of the very smart sprinter-miler Pugnacity.

Thanks to such as Blue Bunting, Americain, Lucarno, Michita and Wiener Walzer, the name of their sire Dynaformer is primarily associated with stamina in Europe. Dynaformer

did, though, sire a couple of notable two-year-old fillies in Britain, in Rainbow View and White Moonstone, and several of his American progeny were Gr1 winners at around a mile. One of them was Purim, whose finest moment came when he landed the Shadwell Turf Mile as a five-year-old. Purim was versatile, as one of his earlier Graded successes had been gained on dirt.

Purim died early in 2012, at the age of ten, and his legacy was only 217 foals. However, he was represented by his first Gr1 winner when the tough gelding Twilight Eclipse landed the Man o'War Stakes in May 2015 and we didn't have long to wait for another. This came when another gelding, Undrafted, finished strongly to take the Diamond Jubilee over six furlongs - the same distance as the Gr3 Jaipur Invitational Stakes, which was won by another of Purim's turf performers, Channel Marker, earlier in June.

Undrafted, whose earlier visit to Britain had yielded a fine fourth in the 2014 July Cup, must owe some of his speed to his dam French Jeannette. She raced exclusively over sprint distances, winning six of her 17 starts on dirt (she was unplaced on her only appearance on turf).

French Jeannette's sire, the fine miler French Deputy, raced solely on dirt during a career restricted to six starts by a variety of problems. He sired a fast and versatile performer in Left Bank before being exported to Japan, where his grandson Current Chan won the Gr1 Sprinters Stakes. Undrafted's third dam, the Gr2 six-furlong two-year-old winner Native Fancy, also ranks as the fourth dam of another notable sprinter in Reynaldtothewizard (Gr1 Golden Shaheen).

When the broodmare Swain's Gold was purchased in America, part of her appeal to her new British owner must surely have been the absence from her pedigree of the ubiquitous Northern Dancer. However, it was a mating with Halling, a horse with only one line to Northern Dancer, which has hit the jackpot by producing Jack Hobbs.

This very progressive colt, who followed up his Derby second with an impressive victory in the Irish Derby, is consequently something of a rarity in Europe – he has no inbreeding in his first five generations and has no Northern Dancer blood in his first four generations (and only one in his fifth).

This means that Jack Hobbs could eventually develop into a valuable outcross, but he probably needs to achieve superstar status to be given the chance. At present I would expect him to be kept in training for another year or two by Godolphin, as his pedigree isn't particularly fashionable. He was foaled when his sire Halling was 21 and he is the fourth Gr1 winner for the former Darley stallion.

Two of his predecessors also raced for Godolphin, including the admirable Cavalryman, who was still performing with great credit at the age of eight.

Jack Hobbs's broodmare sire, Swain, was another of Godolphin's stars. This son of Nashwan numbered two victories in the King George among his Gr1 successes, and he also went very close to winning the Dubai World Cup and Breeders' Cup Classic, leaving absolutely no doubts about his quality and versatility. Unfortunately he proved unable to transfer his brilliance to the stallion barn, perhaps partly because he was based in the US rather than Europe. His only Gr1 winner from 349 foals was the filly Dimitrova.

Jack Hobbs's dam Swain's Gold

won three of her four starts, all over sprint distances, as a three-year-old, but she raced in Arizona, which explains why she earned less than \$27,000. She cost James Delahooke \$180,000 on behalf of Minster Stud at Keeneland in January 2007. She has since produced Mrs Greeley, who was a fairly useful winner at up to seven furlongs, Niceofyoutotellme, a very useful middle-distance performer by Hernando, and now Jack Hobbs.

Swain's Gold's bloodlines are largely European, with six of her eight great-grandparents being bred either in France, Britain or Ireland. Her second dam, the unraced Golden Bloom, was bred by the late Jim Joel from two of his other homebreds, Main Reef and Daffodil Day.

Daffodil Day also produced the Gr3 Irish winner Spring Daffodil, but her main claim to fame was that she was a half-sister to the top-class Connaught, winner of the Eclipse and, like Jack Hobbs, second in the Derby. Golden Bloom also had the distinction of being inbred 3 x 4 to Joel's outstanding broodmare Queen Of Light (dam of those top broodmares Picture Light, Chandelier, Crystal Palace and Lovely Light).

Jack Hobbs's second dam Golden Pond was a tough performer at up to a mile in Europe, where she won a Listed race in France, and this daughter of Don't Forget Me went on to do well in the US. As often happens, Golden Pond displayed more stamina after her move, notably winning the Gr2 Orchid Handicap over a mile and a half.

FASTNET ROCK b 01	Royal Academy	Nijinsky Crimson Saint
	Piccadilly Circus	Marauding Twigalae

QUARTER MOON b 99	Darshaan	Shirley Heights Deloy
	Jude	Alruccaba Crystal Palace Allara

The 1,000 Guineas winner Legatissimo could be forgiven for having a grudge against fillies by Danehill's champion Australian son Fastnet Rock. One, Qualify, caught her close home to deprive her of victory in the Oaks and now another, Diamondsandrubies, has held off her late challenge to land the Pretty Polly Stakes.

However, few would begrudge the courageous Diamondsandrubies her first Gr1 success, as she had been badly hampered when fourth in the Oaks.

Diamondsandrubies has an appropriate name, as she must now be worth a king's ransom. The bare facts of her pedigree are that her dam, the Moyglare Stud winner Quarter Moon, was good enough to finish second in three Classics, including the Oaks, and Quarter Moon is herself a sister to Yesterday, the Irish 1,000 Guineas winner who was also second in the Oaks.

Another sister, All My Loving, was

third in the Oaks and Irish Oaks before visiting a son of Danehill – Dansili – to produce the very smart Thomas Chippendale.

Yet another sister, Hold Me Love Me, has also produced a stakes winner to Dansili, so Diamondsandrubies represents a tried-and-tested cross.

Quarter Moon and her sisters represent the celebrated Sadler's Wells-Darshaan cross which also yielded such high-class performers as High Chaparral, Milan, Islington, Septimus, Ebadiyla and Greek Dance. This cross generally imparts plenty of stamina, which has been balanced in the case of Diamondsandrubies by the speed of Fastnet Rock.

The second dam of Diamondsandrubies, Jude, didn't win but she was a sister to Alouette, dam of those excellent fillies Albanova and Alborada (1998 and 1999 Champion Stakes).

She was also a half-sister to Last Second, the Nassau Stakes and Sun Chariot Stakes winner who became the dam of French 2,000 Guineas winner Aussie Rules and second dam of the Classic-placed colts Midas Touch and Michelangelo. The Prix Royal-Oak winner Allegretto is another member of this family.

TREVISE b 00	Trevillari	Lyphard Trillion

The brilliant Treve has given her connections no reason to regret the rapid reversal of the decision to retire her to visit Dubawi, following her second success in the Arc.

She has won both her starts as a

five-year-old, pouncing late to land the Grand Prix de Saint-Cloud from Flintshire, who also chased her home in the 2014 Arc. Treve will now be handed the chance of an historic third Arc victory. She is following a path first trodden by her fourth dam, the wonderfully tough Trillion, but Treve has generally bettered her ancestress. Whereas Treve easily won the Diane, Trillion was beaten a head. Trillion went on to win the Ganay, a race in which Treve suffered a narrow defeat.

Trillion also tackled the Arc as a four- and five-year-old, her better effort being her second to Alleged. Trillion also found just one too good for her in the 1978 Grand Prix de Saint-Cloud.

Remarkably, Trillion produced a filly

even better than herself in Triptych. This Riverman mare's major victories included the Prix Marcel Boussac, Irish 2,000 Guineas, Prix Ganay, Coronation Cup, Matchmaker International, Irish Champion Stakes and the Champion Stakes, and she was twice third in the Arc.

Triptych had two notable sisters. One, Barger, won the Gr3 Prix Vanteaux and is now second dam of Tawqet (Caulfield Cup), while Triple Couronne is the second dam of Amorama (dual Gr1 winner in the US).

Consequently Riverman was a natural choice for Trillion's unraced Lyphard filly Trevilla (who is also the second dam of the high-class sprinter Tamarisk). Trevilla's first Riverman filly Trevillari failed to win in 13 attempts,

but her second, Treble, won the Gr1 Saint-Alary. Trevillari made amends by producing nine winners and is now the second dam of Treve. Treve's dam, the two-year-old sprint winner Trevisse, is a sister to Trevillari's best winner, the smart international miler Tsigane.

Trevisse is by no means the only daughter of Motivator to have advertised his talent as a sire. He has 12 Group winners to his credit and no fewer than nine of them are fillies (the male interlopers being the geldings Sky Hunter, Felician and Robin Hoods Bay).

Motivator has no four-year-olds in 2015 and has only 45 three-year-olds and 34 two-year-olds. Fortunately his 2014 crop – his first in France – is considerably bigger.

Statistics to July 7

### Dubawi closes gap

Monsun's lead has diminished thanks to a very successful month for Dubawi, who had 12 winners. His stakes horses now stand at 23, with 13 of them having won at that level.

Galileo has jumped into third place from seventh. By his own exceptional standards Galileo has been short of Gr1 successes this year, with Gleneagles the only contributor.

See The Stars and Shamardal have both fallen back slightly – the former had four additional runners, compared with 23 for Shamardal, 22 for Galileo, eight for Dubawi and just one for Monsun. Raven's Pass has moved from 16th to seventh. Standing at Kildangan for €20,000, he has had 56 runners, much fewer than other sires of a similar age.
